B.answers based on the results from the synthesis fact sheet – synthesis in the LAPs (1)

› application of lessons in the LAPs

- The answering partners applied lessons.
- A majority already **applied** lessons from 2 or 3 themes.
- Dominant: **SOCIAL**. Then ENVI, then ECO.

B. answers based on the results from the synthesis fact sheet – synthesis in the LAPs (2)

› **Combination, integration ...**

- All partners already **combine** themes in their LAP draft. 4 out of 8: all three themes.
- The hardest to integrate: ECO for most of them.
- For Rennes and Krakow: ENVI.
- A majority already got answers to her questions formulated in the shortcut, some didn't. (Nantes M, Rennes M, Krakow)

B.answers based on the results
from the synthesis fact sheet –
synthesis in the LAPs (3)

› enablers and obstacles

- **Three components**
'package of relevant enablers'

leadership - local **political plus institutional** leadership
Staff quality – appropriate **skills**

- Other criteria less relevant, respectively quite specific for one or the other city.
- Visibly less obstacles. Trio:
funding
staff shortage for the draft
difficulty in the transdisciplinary implementation.
- Four partners name topics in which they are especially interested, for peer review mainly!
