

L'Europa delle piccole città | Europe of small cities

(Innovare i centri cittadini per rafforzare il commercio, attrarre investimenti e creare occupazione | Innovation in the city centres to retain local custom, to attract businesses and to create employment)

A conference sponsored by the URBACT III Territorial Programme

San Doná di Piave, Italy

21 – 22 March 2018

The purpose of this conference is to showcase the progress made by partner cities in the City Centre Doctor Project to analyse the issues and challenges in their city centres as well as the collaborative and innovative ways to develop processes and actions that will revitalise their city centres. In so doing, the project significantly contributed to creating the conditions for local economic development and the potential for the creation of jobs.
