Desired employment / Thematic Area **Urbact II Thematic Expert**
Strategies and tools for the quality of the built environment

Work experience

Since 2006 Interior design of Hugo Boss Woman Shops worldwide.

Occupation or position held Project Manager
Main activities and responsibilities Developing architectural and interior design projects locations according to the design guidelines, local constraints, timeline and budget in coordination with the Hugo Boss AG Shopconstruction team, the local architects and all professionals involved

Name and address of employer Ivana Invernizzi, 5 Ripa di Porta Ticinese, 20143 Milano, Italy
Type of business or sector Research, Strategy and Design

2004-2005 Strategic planning and interior design of the most relevant Swisscom locations in Switzerland.

Occupation or position held Project Manager
Main activities and responsibilities Definition and agreement of new working environment for around 12.000 Swisscom employees and the production of a Space Standard Handbook. This first step was followed by the detailed space planning, interior design and design development of 4 mayor locations in Bern and Zurich and by the preparation of the Design Guidelines for all other Swisscom Buildings. For some of these locations, developed by local architects I was responsible for the Design quality control

Name and address of employer DEGW Italia srl, 10, via Archimede, 20129 Milano, Italy
DEGW plc, The Merchant Centre, 1 New Street Square, London EC4A 3BF, UK
Type of business or sector Research, Strategy and Design

2004 Entry to the international invited Architectural Competition for a Residential Home for the Elderly for the German Red Cross in Sommerrain, Stuttgart.

Occupation or position held
Main activities and responsibilities

Associated

Concept and development of a building complex including different types of services and residential typologies for the elderly, from the self-sufficient to the ones who need permanent care.

Name and address of partners
Type of business or sector

Associated with Arch. Daniela Volpi and Arch. Antonio Zanuso
Architecture

2004 Entry to the international invited architectural Competition for the New Headquarter of the Lombardy Regional Government.

Occupation or position held
Main activities and responsibilities

Team architect and facilitator

Ten international teams were selected worldwide to design the over 100.000 sqm of a building complex which is going to become the Headquarter of the Lombardy Regional Government in a crucial area of the Milan historical city.

The proposal of the group lead by Hans Kollhoff provides a significant interpretation of the Milan architectural culture in the composition of its most authentic urban characters: the covered Piazza, the Tower and the urban Block.

My task was to help develop architectural ideas for the project, test them in respect to the program and coordinate the flow of information between the German and the Italian part of the team

Name and address of employer
Type of business or sector

Atelier Prof. Hans Kollhoff GmbH, 5 Freudenberg, CH-6343 Rotkreuz
Architecture

2003 Entry to the International Architectural Competition for the Veterinaric Surgery Research Institute of Teramo and Design development of the City of Culture Museum Project.

Occupation or position held
Main activities and responsibilities

Project Architect

The international competition in Teramo was conceived in cooperation between the two architectural practices as a sculptural building complex in the natural landscape. My role was to help develop architectural ideas for the project, test them in respect to the program and coordinate the flow of information between the British and the Italian components of the team

City of Culture Museum Project involves the regeneration of a former industrial site in order to provide an appropriate location to a number of Art Collections from different continents, laboratories for scenography and costumes and traditional theatre schools. I became part of the Italian design development team after that David Chipperfield Architects had won the competition.

Name and address of employer

Freyrie&Pestalozza Associati, 14 via Pietrasanta, 20141, Milano, Italy
David Chipperfield Architects Cobham Mews, Agar Grove, Camden, London NW1 9SB, United Kingdom

Social skills and competences

ARCHITECTS' COUNCIL OF EUROPE
CONSEIL DES ARCHITECTES D'EUROPE

Parallel to the professional and research activity I am engaged in the social and political redefinition of the role of architectural quality and town planning values in the civil society. Since 2003 **elected member in the Council of the Milan Architects Chamber** which represents over 10.000 professionals.

Due to my international activities I was nominated by the Milan Chamber in the Foreign Department of the Italian Architects' Council which gave me the opportunity to work at a European level in the Architects' Council of Europe ACE.

In 2002 I became member of the ACE Work Group Urban Issues of which in 2003 I was nominated Chairman.

As **Chairman of the ACE Work Group Urban Issues** I am monitoring and providing inputs to the EU urban policy making, e.g. the **Urban_logement EU Parliament Intergroup** whose meetings I occasionally took part in Strasbourg and Brussels.

Organisational skills and competences

During my studies I had the opportunity to study and become familiar with different architectural and town planning approaches, coming from several European countries. Since then I am engaged in disseminating architectural good practices with public conferences and discussion about projects that are relevant for the urban environment.

2000-2008 At the architects' Chamber or at the Politecnico di Milano I am actively organizing conferences on architectural and urban topics in Italy and abroad which have seen the participation of well known professionals such as Helmut Bott, Giorgio Grassi, Fulvio Irace, Dejan Sudjic, Hans Kollhoff, Boris Podrecca, Shelley McNamara, Yvonne Farrel, Cino Zucchi, Peter Wilson, Stefano Boeri, Enzo Mari, Giuseppe Roma, Gae Aulenti, Mario Bellini and Alex Garvin.

2002 Contribution to the organization of two International Symposiums: the first at the Politecnico University of Milan 'Forms of Housing: mutations and permanence' and the second at the Technical University of Stuttgart 'Perspectives of Urban Space'.

Technical skills and competences

In my professional practice I developed skills to understand and mediate between professionals and clients in international teams both at the levels of content and of process management. For these reasons I have been called to coordinate and facilitate the management of international design teams both in Italy and abroad. The same skills I have invested in the research and dissemination work in European networks.

2006-2007 **Thematic Expert in "Physical regeneration of urban areas", URBACT Programme**, URBAN II Community Initiative.
Thematic Expert of the Urbact Network Hous-Es on Regeneration of Large Housing Estates.

2007 contribution to the national conferences "Housing, territory and society: one century of social housing in Livorno" (Convegno nazionale Abitare, territorio e società: un secolo di edilizia sociale a Livorno Livorno 7-8 febbraio 2007) and in the Naples Seminar "2007-2013: opportunities from Europe" (2007-2013: Opportunità dall'Europa Napoli, 8-9 maggio 2007)

2004- 2005 contribution to the International Conferences on Urban Regeneration in Poznan (Poland). The main topic of the first conference was The Role of the Architect in urban regeneration, the second was focused on the importance of the Regeneration of large Housing Estates in the urban fabric.

Computer skills and competences

Microsoft Office Package, Autodesk Autocad, Adobe Photoshop and Acrobat
