

MOČ POVEZANIH SKUPNOSTI V MESTIH THE POWER OF CIVIC ECOSYSTEMS

Torek/Tuesday, 8 November 2022, Atrij ZRC/ZRC Atrium, Novi trg 2, Ljubljana

Sreda/Wednesday, 9 November 2022, Muzej sodobne umetnosti Metelkova/Museum of Contemporary Art Metelkova, Maistrova ulica 3, Ljubljana

Kako povezane skupnosti in njihovi prostori ustvarjajo bolj sodelujoča, pravična in odporna mesta

Nevladne organizacije in civilne iniciative se kažejo kot ključni vezni člen za premagovanje rastočega nezaupanja med javnimi upravami in javnostjo. Različne oblike sodelovanja med mesti in civilno družbo zato postajajo v mestih širom Evrope vedno bolj pomembne za kakovost življenja in storitev v mestih. Le močne in povezane lokalne skupnosti so se namreč sposobne učinkovito prilagoditi na nenehne spremembe v družbi in širšem okolju.

Prvi dan konference bomo spoznavali različne tuje in domače primere sodelovanja mest z nevladnimi organizacijami in civilnimi iniciativami. Izvedeli bomo tudi, kako so slovenska mesta prevzela dobro prakso mestne dnevne sobe iz Idrije in jo prilagodila svojim lokalnim razmeram.

Drugi dan organiziramo srečanje organizacij civilne družbe, ki delujejo na področju urbanega razvoja. Skupaj s povabljenimi predstavniki organizacij in skupnosti iz vse Evrope bomo razpravljali in raziskovali, kako olajšati mreženje in izmenjavo izkušenj med skupnostnimi praksami v evropskih mestih.

How community spaces and their networks make our cities more cooperative, fair and resilient

NGOs and civic initiatives are proving to be a key link to overcome the growing mistrust between public administrations and the citizens. In cities across Europe, various forms of cooperation between cities and civil society are therefore becoming increasingly important for the quality of life and services in cities. Only strong and connected local communities are able to adapt effectively to the constant changes in society and the wider environment.

On the **first day** of the conference, we will learn about different foreign and Slovenian good practices of cities working with NGOs and civic initiatives. We will also find out how Slovenian cities have taken the good practice of the Towns Living Room from Idria and adapted it to suit their local context.

On the **second day** we will organise a meeting of civil society organisations active in urban development. Together with invited representatives of organisations and communities from across Europe we will discuss and explore how to facilitate networking and sharing of experiences between community practices in European cities.

To be announced*

13.30 Zaključek dogodka / End of the event

14.00 Ogled na terenu / Site visit

Konferenco organizira IPoP – Inštitut za politike prostora, ki deluje v vlogah Nacionalne URBACT točke in koordinatorja Mreže za prostor. Prvi dan je sofinanciran s strani programa URBACT, drugi dan dogodka pa poteka v okviru Podnebnega programa Mreže za prostor. Podnebni program financirata Eko sklad in Ministrstvo za okolje in prostor iz sredstev Sklada za podnebne spremembe. Za mnenja, predstavljena na tem dogodku, so odgovorni izključno avtorji dokumenta in ne odražajo nujno stališč Ministrstva za okolje in prostor, Eko sklada j.s. ali projektnih partnerjev. / The conference is organised by IPoP – Institute for Spatial Policies, acting as the National URBACT Point and Co-ordinator of the Mreža za prostor, Slovenian network of NGOs in the field of sustainable urban planning. The first day of the event is co-financed by the URBACT Programme, while the second day is organised under the Climate Programme of Mreža za prostor. The Climate Programme is funded by the EcoFund and the Ministry of Environment and Spatial Planning from the Climate Change Fund. The opinions expressed at this event are solely the responsibility of the authors and do not necessarily reflect the views of the Ministry of the Environment and Spatial Planning, the EcoFund or the project partners.
