

# World Bee Day 2022

---

## in Bergamo

Like industrious bees – Bergamo and its citizens celebrate pollinators

*What is going to happen?*

*In the month of the most intense blooming Bergamo and its citizens will celebrate pollinators, those creatures to which flowers are dedicated and to which plants address with gaudy colors, intense perfumes and charming shapes.*

*Celebration of World Bee Day is one of the first results brought in thanks to BeePathNet-Reloaded, the project in which Bergamo Municipality is involved as a Partner: it is implemented by Bergamo Botanic Garden together with the Green Public Areas Department.*

*It will be an opportunity to remember the importance of bees and other pollinators for our ecosystems: our own survival depends on the precious work they do, nevertheless we seem not to even notice their presence.*

*This is why a bunch of institutions, entities and informal groups of citizens decided to bring to everybody's attention the fundamental role of bees and pollinators.*

*A rich agenda of events was created in order to increase citizens' awareness towards those actions that are more urgent and that also individuals can develop to start a change that can make Bergamo become a 'Bee friendly town'.*

A holistic approach to urban beekeeping, already developed in the City of Ljubljana, is being transferred to four bee-friendly European cities, and **the BeePathNet Reloaded network is creating favourable conditions for sustainable urban beekeeping** and contributing to a cleaner and greener environment, and also to the preservation of natural resources and biodiversity.

The awareness raising campaign on **celebration of The World Bee Day, 20. 5. 2022** is taking place in all our partner cities: [Ljubljana](#), Slovenia, [Bansko](#), Bulgaria, [Bergamo](#), Italy, [Osijek](#), Croatia and [Sosnowiec](#), Poland. Learn more by clicking on the city names.
