This Report includes:

Chapter 1 - Highlights from the network exchanges & learning

activities

Chapter 2 – Partners' local activities

Chapter 3 – 3rd Online webinar based

on partners specific learning needs

Chapter 4 – Next steps and more ...

Introduction

TechDiversity APN project has started its 2025 journey through **Diversity** and **Inclusion** in Knowledge-based Digital and Tech Ecosystems .

TechDiversity activities are based on eight involved Local Groups of all partners' cities, which are already strongly contributing for **more diverse local digital ecosystems**.

This 5th Quarterly Report offers **some moments** (*) of the project progress and highlights of the partners' **accomplishments**.

(*) All partners were working during the trimester on the last Sections of their Integrated Action Plans. This QNR is not as extended as all the prior project QNRs, since there was no project level onsite meeting scheduled for the first trimester of 2025 and all partners were focused on their IAP progress.

Chapter 2 - Partners' local activities

One ULG meeting was held in the 1st trimester of 2025 for each partner to finalise the core Actions,

as also to discuss each Action activities and other technical content.

Specific tools for the ULG meetings & a suggested ULG agenda were prepared for these critical meetings by the Lead Expert.

Trikala, 19/02/2025

At the 6th ULG meeting, Trikala focused on the preparation of the Actions Plans & peer review Presentation of the progress of the project so far, based on a Presentation of the proposed strategic objectives for the city, according to what has been discussed in the previous

meetings, as well as the individual supporting actions that will facilitate their achievement.

Tools used during the meeting: Testing actions to IAPs & Four C Review Sheet

Co-funded by the European Union Interreg

Amarante, 14/03/2025

The 7th meeting of the ULG in Amarante was held on March 14, 2025.

The main objective was to discuss the **actions across different areas of intervention** that could be implemented in the future of the project, focusing on inclusion, diversity, and innovation in the tech sector.

The meeting highlighted the importance of **integrated and collaborative actions** to achieve the goals of the TechDiversity project and, as homework, all participants were provided with tools, so as to give feeds for a detailed plan for each action.

Bielsko Biala, 05/02/2025

Key discussions during
the 6th ULG meeting:
- Summary of the 2nd
edition of the
TechDiversity Testing
Action organized on
16.01.2025 in the form of
HerStory in IT: Spotlight
event

The ULG members worked to:

- **Refine** the actions
- the **division** of the short term and long term actions,
- adjustments** to the initial Concepts

- **Prepare** Transnational Network Meeting in Bielsko-Biala in May 2025:
 - o Planning the roles of ULG members and their engagement in the meeting
 - o Setting the local agenda – study visit, good practice examples

NKUA, 14/03/2025

Using the URBACT “Refining an Action” URBACT tool, the participants worked in groups to identify the activities under the seven Actions that were defined in the former 5th ULG, that took place late 2024.

A total of 25 Activities were identified, for each of them the following aspects have been defined:

- Title
- Dates
- Target Outputs
- Related Activities (if applicable)
- Concerns

Larnaka, 25/02/2025

The 6th meeting of the ULG in Larnaka was held on February 25, 2025. The discussion opened with a recap of what was discussed so far at the previous ULG meetings, an update on the Testing Activity as well as the final tuning of the actions and possible funding sources. Additionally, a succinct report on the project meeting in Larnaka in December 2025 and the partners' opinions of the local content were presented to the ULG members.

Arezzo, 21/02/2025

At the 6th ULG meeting Arezzo 12 members worked mostly to define the IAP Actions Detail in Tables prepared by the city project team. Based on the Actions' planning tables, the ULG members were divided in small groups and worked on the definition of the five Actions detail tables

(template suggested by the Project Lead Expert).

Tools used during the meeting: Action detail tables.

COSA SI FA OGGI?				
Action X	Action Title	Action Owner		
Short Description	Stakeholders	Intervention Area	Strategic Objective	Links to Strategy
Action Summary		Risks	Barriers	Action Readiness
Indicators		Outputs - Results		
Budget		Timescale		
Financing		Other (like monitoring, governance ...)		

The Arezzo ULG group also took stock of the final stages of the Testing Action's organization which took place on March 12th, 2025.

The mid-scale matchmaking event, with representatives of young NEETs and companies in the tech and digital sector of the region, was successfully delivered, resulting in the following participation figures:

- **Over 45 NEETs**, including young people from vulnerable categories.
- **7 cutting-edge** tech & digital companies from the area.
- **Local** training and education institutions, job agencies and youth service providers.

Bucharest - District 6, 10/02/2025

The 5th meeting of the local URBACT group for the TechDiversity project took place at the EfDeN headquarters in the Impact Hub Bucharest headquarters. It brought together diverse participants from the URBACT local group and planned the testing action, which took place in the last week of March 2025.

The testing action consisted of workshops for students from technological high schools and from the Polytechnic University, following a shared structure of activities.

To ensure maximum participation, registrations were carried out through the educational institutions, one week before the event.

The process was managed via an online form, which allowed the allocation of 25 spots per workshop, 10 of which will be reserved to cover potential withdrawals. The Sector 6 City Hall provided the necessary forms for consent and the processing of participants' personal data.

Idrija, 31/03/2025

At the 6th ULG meeting in Idrija the participants discussed the status of TechDiversity project by March 2025, and worked in detail on the 9 defined actions, and specifically on the Actions Details Tables.

The ULG team also reviewed the IAP update and mostly focused on all actions that are expected to contribute to reach the city's vision in the TechDiversity policy issue.
