## Let's do it together!

GreenPlace

Quarterly Network Report #5 January – March 2025

Co-funded by the European Union Interreg GreenPlace

### The GreenPlace network

GreenPlace is an URBACT network consisting of ten partners who aim at developing a set of activities for "recycling" unused urban areas, using social participation tools. The project takes into account not only the regional specificities and conditions of each of the partners but also introduces greenery as a key factor in limiting climate change in urban areas. It is running from July 2023 to December 2025.

It is led by the City of Wroclaw (Poland) and is composed of 9 Project Partners:

- Boulogne-sur-mer Développment Côte d'Opale France
- Bucharest Metropolitan Area Intercommunity
   Development Association Romania
- Cehegin Spain
- Limerick Ireland
- Löbau Germany
- Nitra Slovakia
- Onda Spain
- Quarto d'Altino Italy
- Vila Nova de Poiares Portugal

Find out more about GreenPlace <u>here</u>.

## GreenPlace areas

Each of the GreenPlace network's Project Partners will focus on one area which will be central to its Integrated Action Plan (IAP).

Partner	GreenPlace area						
Abandonned buildings							
Löbau	Noodle Factory						
Quarto d'Altino	Civic Centre						
Forgotten buildings							
Wroclaw	Former Tram Depot Popowice						
Bucharest	Victorei Tram Depot						
Unused green areas							
Limerick	Medevial wall						
Vila Nova de Poiares	Green Zone						
Cehegin	Ejidos						
Unused built area							
Onda	Green Lung						
Boulogne-sur-mer	Station-Bréquerecque area						
Nitra	Martin's Hill						

Co-funded by the European Union Interreg

#### Highlights of the first trimester of the Preparing Implementation Phase

Place

Urban local group

- Project Partners
  - Met again online
  - Received tailored support on the URBACT methodology journey, and especially the IAP by Ed Thorpe..
  - .. And reviewed their Intervention Logics
  - .. And further drafted their IAPs
  - Organised between 0 and 3 ULG meeting each
  - Carried out additional (Testing) Actions
- The knowledge shared by Project Partners was communicated
  - in the fourth Quarterly Network report
  - In the last set of Inspiring Practice Fiches: on Nature-Based Solutions and Green Infrastructure

#### In this Quarterly Network Report, you will find details about the following:

1000

- 1. Where we are in the life of GreenPlace
- 2. Meeting online

۲

- 3. The exchange of thematic practices
- 4. The steps towards the IAPs
- 5.The next steps

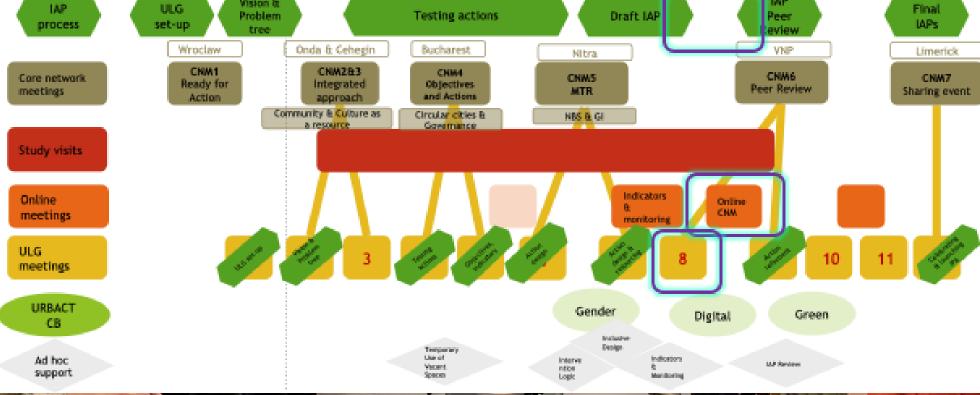

Co-funded by the European Union Interreg

#### **Thematic practices: Digital Solutions**

#### Making nature accessible to all with QR codes, Bucharest

The Văcărești Natural Park welcomes all visitors by providing inclusive signboards: text is written with latin as well as braille alphabets. A sensitive map with volumes is also provided. Last but not least, QR codes give access to voice recorded tours as well as sign language guidance.

#### **Thematic practices: Digital Solutions**

#### **MyPoint**, Limerick

In 2021, the City of Limerick used the MyPoint to survey its residents on the frequency of grass cutting (to ensure biodiversity protection). The responses clarified for the municipality the local position on this issue.

More information here.
