Discover the 25 Transfer Networks under URBACT IV

Name (subject to change)	Focus	Partnership
CALL- Accessible City for ALL	This network addresses how cities can co-design and implement policies that **eliminate physical, social, and digital barriers**, especially for people with disabilities. It will transfer Komotini's (EL) good practice, available **here**	≡
CITI4UD	This network promotes **collective decision-making with residents** when it comes to the development of a city. It will transfer Alytus's (LT) good practice, available **here**	≡
CityLake	This network focuses on the **protection and development of natural resources** and assets in cities. It will transfer Borgomanero's (IT) good practice on the matter, available **here**	≡
CivicHeritage	This network helps cities **repurpose underused heritage sites** to promote inclusive, citizen-driven urban regeneration. It will transfer the good practice of Onda (ES), available **here**	≡
Comings and Goings	This network promotes the co-development of **demand-responsive mobility solutions** that improve access and reduce isolation. It will transfer the good practice of CIM Viseu Dão Lafões (PT), available **here**	≡
COMITY	This network will transfer the **youth participatory budgeting model** developed in Cluj-Napoca (RO). For more details about Cluj-Napoca's good practice click **here**	≡
CO-PLACE	This network will promote the **collaborative reuse of public spaces** as local hubs for community engagement, social entrepreneurship, and participatory governance. To do so, it will transfer Brindisi's (IT) good practice, available **here**	≡
Eat4Climate	This network will promote **healthy eating habits to reduce climate impact** following the Mouans-Sartoux (FR) food transition strategy and Sustainable Food Education Centre. For more details on Mouans-Sartoux's good practice click **here**	≡
ENTREPRENEURSHIP + ACADEMY	This network will promote **entrepreneurial education** at city level by linking schools, local businesses, and communities. To do so, it will transfer the good practice of Albergaria-a-Velha (PT), available **here**	≡
Human Power Hub	This network will promote a **collaborative model for social innovation** connecting citizens, public institutions, academia, and businesses. It will transfer the good practice of Braga's (PT) Human Power Hub, available **here**	≡
Network4Work	This network will promote an integrated approach to foster **local employment and employability** of different social groups. It will transfer Nyíregyháza's (HU) Employment Forum practice, available **here**	≡
OLYMPICS4ALL	This network will promote **active ageing, social inclusion, and well-being for seniors** and vulnerable groups through an award-winning programme initiated by Vila Nova de Cerveira (PT), available **here**	≡
P.A.R.K.S.	This network aims to enhance ecosystem resilience, climate adaptation and biodiversity through a **comprehensive management of green urban assets.** It will transfer the good practice of Perugia (IT), available **here**	≡
ReDAN	This network will work on transforming **degraded areas into zones of biodiversity**, nature conservation, and nature-based tourism. It will transfer the good practice of Ormož Razvojno Raziskovalni Centre (SI), available **here**	≡
RESTART@URBACT	This network works on **restraining depopulation, sparking green jobs, and on upgrading territorial services.** It will transfer Idanha-a-Nova's (PT) award-winning good practice, available **here**	≡
SHIFT-R	This network tackles **depopulation and brain drain by investing on smart regeneration**, digital upskilling and talent attraction. It will transfer Fundão's (PT) good practice on the subject, available **here**	≡
SIT FLEXI	This network enables the development of a **demand-responsive public transport model** to low-density areas to reduce isolation, enhance accessibility, and promote green and smart governance. It will transfer the good practice of CIM Coimbra (PT), available **here**	≡
SPARK	This network aims to **streamline procurement processes with green and inclusive criteria** to foster sustainability, equity, and local economic growth. It will transfer Kavala's (EL) good practice, available **here**	≡
SpongeMeasures	This network will promote solutions to **mitigate the effects of flash floods and droughts**, and to reduce urban flood risks. It will transfer Püspökszilágy's (HU) good practice, available **here**	≡
STCYSL	This network aims to ignite change by adapting an inclusive, **youth-led approach to urban spaces,** creating places where all young people feel welcome, heard and empowered to shape their cities. It will Transfer Lublin's (PL) good Practice on the matter, available **here**	≡
TactiCity	This network will promote **citywide tactical urbanism** with an ntegrated approach, co-governance, and bottom-up methods. It will transfer Milan's (IT) good practice on the subject, available **here**	≡
Theatre4all	This network promotes **theatre as a powerful activator of cultural landscapes**, community spirit and wellbeing. It transfers the good practice of Alessandria (IT), available **here**	≡
UNIDAS4EU	This network works on multi-level coordination to **prevent and combat gender-based and domestic violence in cities.** It will transfer the good practice of CIM do Tâmega e Sousa (PT), available **here**	≡
URBAN ECHO	This network focuses on **integrated, long-term neighbourhood renewal,** through data-driven planning and diverse partnerships. It will transfer Ghent's (BE) good practice, available **here**	≡
We Create Space	This network fosters **community-led urban development** by enabling residents and informal groups to co-decide on part of the city budget and co-create public spaces. It will transfer Ostrava's (CZ) programme on this matter, available **here**	≡
