

# Cities in Action for Human, Animal, Plant and Environmental Health

## ACTION IDEAS FOR ONE HEALTH

One Health recognises that the health of humans, animals, plants,  
and the environment are closely linked and interdependent.  
Map ideas that improve health for everyone and everywhere!

This questionnaire is anonymous. Therefore, we only request the following data:

Age ..... Gender .....

Profession .....

Provide two suggestions for actions that the municipality should implement  
and/or improve, for each of the following health categories

HUMAN  
HEALTH

A- .....

B- .....

ANIMAL  
HEALTH

C- .....

D- .....

PLANT  
HEALTH

E- .....

F- .....

ENVIRONMENTAL  
HEALTH

G- .....

H- .....

Prioritise your actions (A-H), listing them from very urgent to less urgent

VERY URGENT
