

# One Health 4 Cities

## Strasbourg Eurométropole :

### From strategy to experimenting One Health in practice

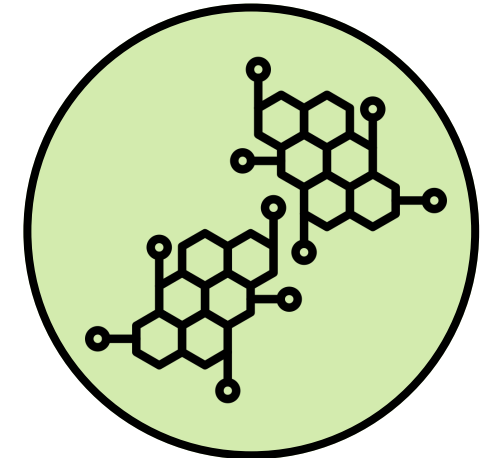

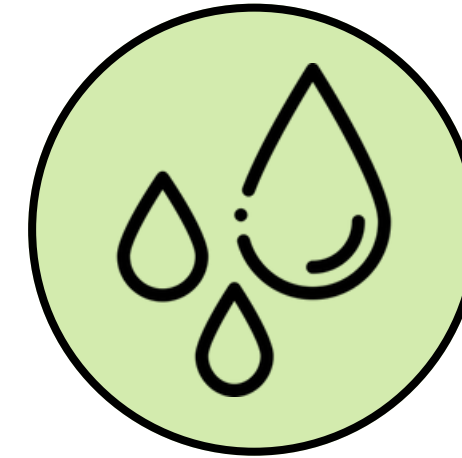

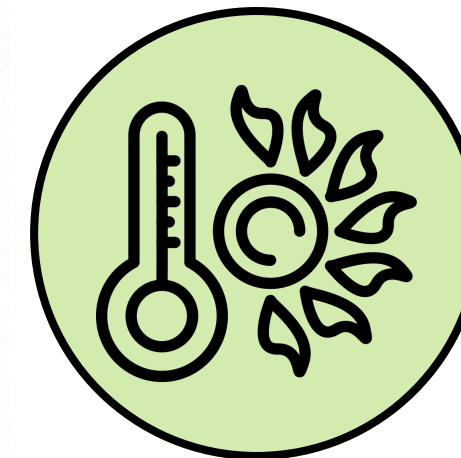

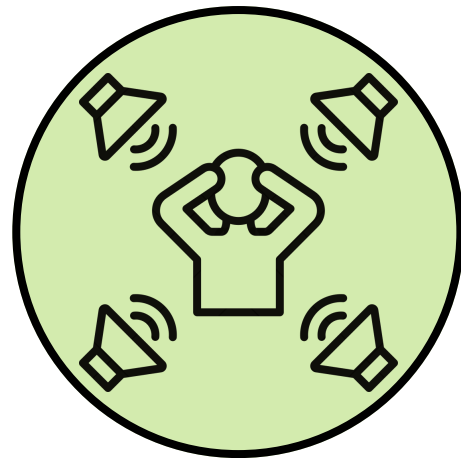

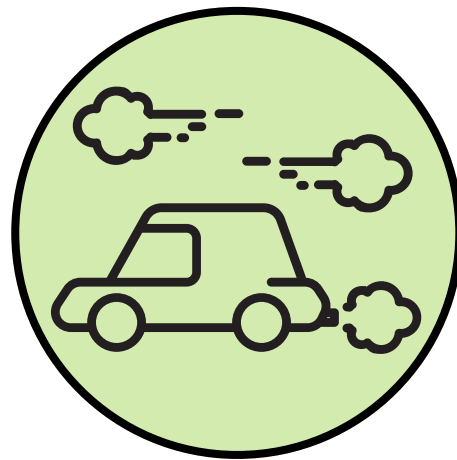

Dr Françoise Schaetzel

Vice-president in charge of urban planning, air  
quality and environmental health

# Why One Health for Strasbourg ?

Our metropole challenges

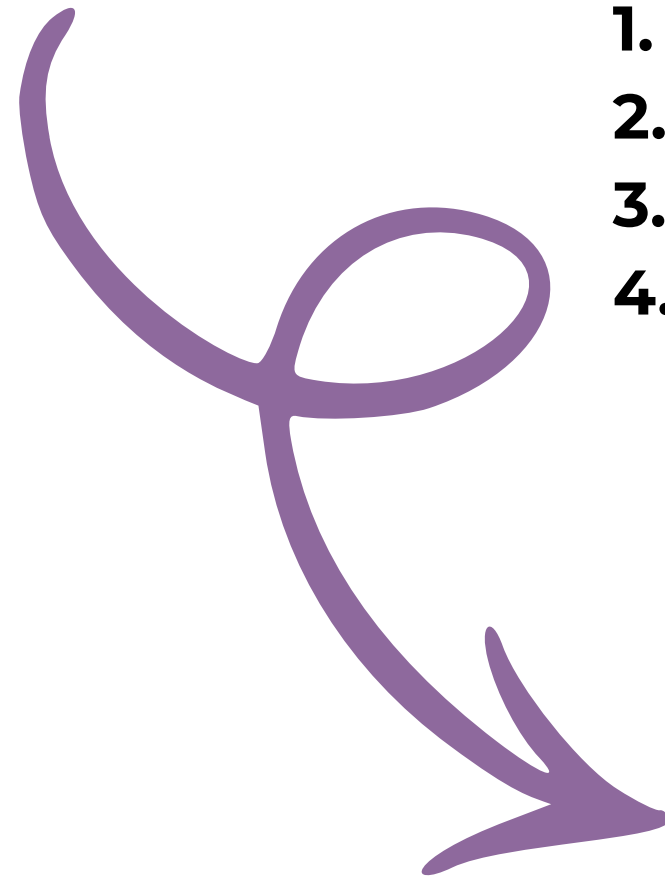

# FROM STRATEGY TO EXPERIMENTATION

Délibération au Conseil de l'Eurométropole de Strasbourg  
du vendredi 7 février 2025

Stratégie eurométropolitaine "One Health / Une seule santé"

1. Integrate the One Health approach into local policies
2. Inform, raise awareness, train professionals
3. Support observation and research
4. Build One Health governance

OUR IAP

EXPERIMENTAL  
OPERATIONAL  
REPLICABLE

# EXPRIMENTING ONE HEALTH IN PRACTICE

**Ecological and social reconnexion corridor**

**Impacts of feeding wildlife**

**One Health schoolyards**

**Awareness raising on One Health**

## Best One Health learning

*Cooperation is the key !*

Implementing the One Health approach is only possible if experts from multiple disciplines are brought together and work toward a common goal

THANK YOU FOR  
YOUR ATTENTION
