1. One Health, climate and health

2. Health promoting living conditions

3. Mental health

4. Child and youth health

5. Healthcare and prevention

One Health in Strategy

One Health in Munich

Ideas for new measures are:

Protection, development and environment-friendly use of biodiverse green spaces

Spatial health planning

Promotion of organic farming and its marketing, sales and supply structures

Multiple exposure map

Current projects are:

The CitySoundscapes project

The Tiger Mosquito Monitoring

Heat Protection Measures

Urban Gardens and the Munich Herb Garden

Voices of Youth in Munich

In cooperation with Green City e.V., we visited the pupils of the all-girls “Salvator Realschule” in October 2025 to discuss the topic of One Health. Afterwards, they shared their perspectives and opinions with us.

These are their voices:
